

**Application Form for: SpaceAge - Help The Farmer Program  
(or Free of Cost Supply of Agricultural Water Conditioning Equipment &  
Natural Soil Repair Technologies  
(To Help Improve Production, Profitability & Fertility of Land)**

Farmer's Name: \_\_\_\_\_  
First Name Middle Name Surname / Family Name

Residential Address:

Mobile / WhatsApp No. +91

Email:

Aadhar Card No.

(Please attach Certified True Copy)

RAN Card No.

(Please attach Certified True Copy)

Address of Farmland owned by Farmer:

**Photo**

Mobile / WhatsApp No. +91

Email:

Copy of Land Record showing land is in the name of the Farmer and / or his family members  
(Please attach Certified True Copy)

Total area of land owned.

Area under cultivation:

Source of Water for Irrigation:

a) Flood Irrigation:

Area in acres under flood irrigation

b) Drip Irrigation: (Specify type of drip irrigation used – surface / deep irrigation,

Area under drip Irrigation

Canal Water Details:

Artesian Well: Diameter and Depth of Well

(Water Hardness / TDS (Total Dissolved Solids)

Bore Well (Diameter and Depth in feet)

(Water Hardness / TDS (Total Dissolved Solids)

Diameter and material of water pipe from well to Storage Tank

Capacity of Storage Tank in liters:

Diameter and material of water pipe from Storage Tank to farmland under cultivation

Diameter and material of pipes used for drip irrigation.

Total Distance from Storage Tank to the extreme end of the farmland under cultivation

Annual Rainfall in your area and calendar months in which rainfall is received in a normal year.

Cultivation is through Natural and Sustainable method.

Area under Organic Cultivation

Details of Organic Fertilizers used and Techniques adopted

Cultivation is with use of Chemical Fertilizers

Area under Chemical Cultivation

Details of Fertilizers used

Production Data of the last 3 normal years:

2019-2020

Crops Cultivated:

Production

2020-2021

Crops Cultivated:

Production

2021-2022

Crops Cultivated:

Production

2022-2023

Crops Cultivated:

Production

2023-2024

Crops Cultivated:

Production

Any abnormal cultivation conditions such as floods, crop disease, etc. which affected the production of the farmland.
